

Come and join the hike leadership team

Do you have a desire to become a Hike Leader?

Do you think you have what it takes to be a Hike Leader?

Do you wish more hikes were closer to your home?

Do you want to hike when **you** want to hike?

As a Hike Leader, you will determine the time, length, location and the speed of the hikes. This allows you more freedom & flexibility while at the same time contributing back to our group as we always need more leaders and demand is always more than the supply, especially when it comes to easier hikes.

To be a hike leader with us, you will need to acquire the following very easy to achieve skills and we will certainly help you along the way:

1. There are hundreds of hikes around Hong Kong, many of them easily accessible with simple public transport. By going on any of our regularly scheduled hikes, you can gain the necessary knowledge of the trails you will need, to lead a hike.
2. In going on many hikes you will learn the culture of group hikes, in this area. This will aid greatly in your ability to communicate with the hikers.
3. Get and carefully read the guidelines for becoming an Event Host and/or an Assistant Organizer
4. Ability to use and have very regular access to email as well as our hiking platform [meetup.com](https://www.meetup.com)

We offer an assisted and graduated way to join our hiking leadership team. Some of these steps may be skipped at the discretion of our training team (SK, Speeto, Phillip) if you are an experienced person and/or you have hosted hikes with other groups and can demonstrate leadership skills.

Step1 : Join and enjoy our hikes. Meet other EHs and AOs, meet our new and old members and get a feel for our group. See some trails at day, night, weekends and explore our wildlife. After you've hiked 10 times with us, you can qualify to be an Event Host

Step2 : We have put together a list of around 40 easy hikes for you to choose from. Pick a few and make a request to host them any day/time you desire. After carefully reading and considering the guidelines, host the hikes. We will be there to support you and help you do any of the steps until you are comfortable with all of the steps. If you have a favorite host, feel free to ask them to co-host with you until you are comfortable going solo. After you've hosted 10 hikes as an Event Host, you can qualify to become an Assistant Organizer.

Step3 : Get any existing Assistant Organizer to recommend you to become AO and then take our AO training course which we run every few months. At that time we will also ask all of our AOs if they wish to support your nomination and if any of them have objections. We will carefully consider responses and if everyone is in agreement, we will welcome you to the team.

Step4: Plan and host any hike you like, whether its an old regular favorite for fitness or a brand new exploration for amazement. Schedule it, get the participants and then go out and enjoy all that Hong Kong has to offer.

Remember that we are a hiking group with a big heart. Volunteer for some of our volunteering initiatives and spread the word to all of your hiking companions to come out and do good for the entire community.
